

NO.1

1on1 Native English
School in the
Philippines

OVERVIEW OF CLARK

Clark City is located about 3.5 hours from Hong Kong, Taiwan, Singapore, Japan, Korea etc. by air. It is almost the same size as Singapore and was once the largest US overseas airbase. It is a special economic zone which is directly managed by the President of the Philippines. Security, communication, water and sewage are all managed independently.

1 Safe and Convenient

The safety of our students is our Number 1 concern. Because of its reputation for safety, the Clark/Angeles Area has the highest number of foreign residents in the Philippines. There are also many modern conveniences not far from CIP, including three major malls with bowling alleys, cinemas, and hundreds of shops, services and restaurants. The wide roads mean that Clark/Angeles does not have the traffic and pollution problems usually experienced by major cities.

2 Great location for Travel and Activities

Clark International Airport is 20 minutes by car from CIP, and students can travel both internationally and locally at lower prices than from other airports in the Philippines. Beaches, mountains, nature reserves and historic sites can all be found 1 to 2 hours from CIP, allowing students to enjoy island hopping, scuba-diving, paragliding, hiking, camping and other activities.

3 An International Hub

With its international airport and Special Economic Zone status, Clark/Angeles is a popular choice for major international conferences such as APEC and ASEAN. The luxury hotels, resorts, golf clubs, sports centres and entertainment venues make this a world-class business and leisure venue.

4 A Multi-National Environment

Clark/Angeles' international outlook makes it an ideal place to learn English. There are thousands of American, Australian and European residents, in addition to people from many other countries. CIP students are provided with opportunities to engage with Clark's international community through outreach activities and internship programs.

WELCOME TO CIP

Since 2007, CIP (Clark Institute of the Philippines Foundation, Inc.) has been the number one native English school in the Philippines. Students can have Native 1:1 class without going to the USA, Canada, Australia or the UK where prices are much higher compared to the Philippines

STRENGTHS: ONLY AT CIP IN THE PHILIPPINES

1 Best value in the world for Native 1-to-1 classes

CIP has Native English teachers from the U.S, U.K, Canada, etc., who are well-trained and qualified for teaching in English education. Students here have a great opportunity to improve their speaking and writing skills with native teachers at the most reasonable prices in the world.

2 Expert British Academic Director + everyday training system for teachers

Unlike other language schools in the Philippines, CIP has an expert British Academic Director who has more than 20 years' experience as a teacher, teacher trainer and director. Teacher training is CIP's greatest strength: teachers have training every day, planned by the director. We also constantly evaluate our teachers to check their performance and help them improve their teaching skills. CIP uses the best coursebooks from international publishers, and also has an R&D team to make tests and other English content for students' needs.

3 80 hours TESOL training for new teachers

CIP gives all newly hired teachers TESOL training for two weeks before they teach students. We use the Cambridge TESOL syllabus, organized by our British Academic Director.

4 Multinational students and surroundings

CIP accepts students from many different countries such as Japan, Korea, Taiwan, Vietnam, Thai, China, Mongolia, Myanmar, Hong Kong, Indonesia, Turkey and so on. This makes it easy and natural for CIP students to interact with each other in the English language, and helps them develop their confidence in English communication.

5 Sparta Exam Courses

CIP students under IELTS/TOEIC Sparta curriculums have been getting excellent results for many years. They can focus on learning the strategies and techniques needed for improving their scores, and enjoy life at CIP at the same time. Excellent results mean you will have many choices for your future.

6 Study from Monday + individual progress test schedule

Students can take our placement test before arriving at the school so that they can study from Monday. Students are individually scheduled for a Progress Test after four weeks.
